Car Park

Please be reminded that the maximum speed limit on all of Signal Drive is **20mph** and at busy times we would expect drivers to drive slower than this. If you do enter the campus the maximum speed limit is **5mph**.

Please drive sensibly on the school site and **pull into marked bays to drop pupils off**. This is essential to ensure the safety of our pupils. There has been more than one incident of careless driving recently, placing children's lives in significant danger. We ask that you moderate your speeds and are also courteous and polite whilst in the car park and on our campus.

Next week is WEEK A

9 January 2023

Dear Parents and Carers,

Have your say on proposed changes to support for children and young people with special educational needs and/or disabilities

Warwickshire County Council is running two consultations in relation to support for children and young people with special educational needs and/or disabilities (SEND).

Views are being invited from parents and carers, children and young people, educational settings and other key stakeholders to help improve the services we offer.

The two consultations focus on the following areas:

1. **SEND Home to School Transport** – how families apply for transport, how transport options are determined based on individual level of need and updates to the policy to make it clearer and easier to understand.
2. **SEND and Inclusion Service Offer** – changes to both the core and traded offer currently provided for education settings in Warwickshire to support children and young people with SEND.

Don't miss this opportunity to have your say and to help shape the future support for children and young people with SEND in Warwickshire.
